

## *Noetic Learning Math Olympiads Club 2010 ~ 2011*

For grades 4 – 6 students

### What We Do

- 2 weekly online Challenge Math assignments

Club members will practice problem solving skills weekly through Noetic Learning Online Challenge Math. Noetic Learning Online Challenge Math provides students an opportunity to practice and enhance their problem solving skills and give students a competitive edge in various national math contests. Find out more about Challenge Math at <http://www.noetic-learning.com/gifted>

- Participate in 5 MOEMS contests

Club members will meet 5 times through out the year to participate in MOEMS (Math Olympiads for Elementary and Middle School). MOEMS is a prominent national math contest in US. Over 100,000 students participate every year. Recognition and awards from MOEMS will be given to top 50%, 25% and 10% students in the nation and the top scorer of each team. Find out more about MOEMS at <http://www.moems.org>

- Participate in Noetic Learning Math Contest\*

\* For Grades 4 and 5 only. Club members will meet twice a year to participate in Noetic Learning Math contest. More than 3,000 students nation wide participated in Noetic Learning Math Contest last spring. Medals are awarded to the top 10% students in the nation. Find out more about Noetic Learning Math Contest at <http://www.noetic-learning.com/mathcontest>
